**Chosen twice as  
New Yorkers  
of the Week  
by NY1 News!**

Peace of Heart Choir members came together in response to the 9/11 tragedies to help promote

***healing, diversity, community bonding, and mutual understanding***

through music. Our outreach soon expanded to include our current practice of

***performing free for non-profits, shelters & community-building events.***

We are a "collective" of singers who perform when requested; individual members can

***choose from among multiple opportunities to sing.***

Our music includes pop, R&B, Latino, folk, world, & original, in various languages.

***All songs contain positive, inspiring messages.***

We are strongly committed to

***diversity in our membership.***

Your voice. Our choir. *Peace of Heart* for everyone who listens.
